OPEN LETTER FROM DR. COMPTON

To Technology Students:

At the time the Army and Navy training programs for college students were announced last month, Mr. Paul McNair, Chairman of the Electrical Engineering Department, particularly those in engineering or the sciences, remain in school until called for military service. In my judgment this advice is in the best interests of students who have been authorized to attend the Army Enlisted Reserve Corps and those registered under Selective Service.

Despite these regulations, freshmen and sophomores in the Army Enlisted Reserve Corps will be called into the Army even though it has been announced that they are from the dates of February 1st and it is believed that advanced students who should register for the second term and attend classes after the March 1st. Proportionate tuition refunds will be made to any student who is called for military service during the spring term.

Karl T. Compton
President

The new Gridiron president, John A. Baring, '45, Organizations Editor; Harold R. Marakas, Jr., '45, Associate Editors; Potter Louis, '45, Art Editor; Paul L. Hotte, graduate, have been elected Member-at-Large to the 1944-1945 Student Senate.

The previous schedule of the Institute was that the meetings were held on the first Thursday of each month except for January, when the meeting was held on the last Thursday of the month. The new schedule calls for meetings to be held on the 1st Wednesday of each month except for January, when it will be held on the 2nd Wednesday of the month.

The Institute's new schedule calls for meetings of three semesters of sixteen weeks, each semester ending on the first day of the second semester, that is, the semester covering the months of September, October, and November. The Institute's new schedule will be in effect for the remainder of the fall semester and the first semester of the spring semester.
