Forty-Seven Sons of Alumni

Forty-seven sons of alumni are represented by their sons enrolled as members of the class of 1946. This list was assembled at freshmen: this year compare with 46 sons and one daughter who enrolled in the undergraduate Budget Committee, which is given annually in the last issue as the recipients of the $1,100. Of men graduated for the period June 1942 to June 1943, is still only about $990. In intervening years men earned four times as much as these college graduates, it is seen that these college graduates earn about $1,500 a year and 38.7% minimum. Men graduated from 1908 to 1939 earn an average of $3,114 and 2.6%. The figures on very recent graduates, it is seen that these college graduates earn about $1,500 a year and 38.7% minimum. Men graduated from 1908 to 1939 earn an average of $3,114 and 2.6%

The world would win would be one wherein authority would be rigidly administered by judges decreed in wisdom and in justice; wherein government, executed in a wholesome manner, would be helpful to the people. The world he would win would be one wherein harmony would be preserved, human happiness promoted, knowledge advanced, and equal liberty for all men. In other departments some people may very cautiously still in one of his classes. The world he would win would be one wherein authority would be rigidly administered by judges decreed in wisdom and in justice; wherein government, executed in a wholesome manner, would be helpful to the people. The world he would win would be one wherein harmony would be preserved, human happiness promoted, knowledge advanced, and equal liberty for all men.

Clark Student Wins Pt Delta Epsilon Prize

College National Society Gives Award For Best Editorial

By A. C. P.

The following editorial by Julian Judkins, feature editor of the Clark College (Dubuque, Iowa) Student, won first prize in the national college newspaper contests judged by Pt Delta Epsilon, national student journalistic fraternity. It is republished below through courtesy of Judkins.

From a practical standpoint, however, actual statistics lead to a better decision. First, according to the United States Census, the number of families is increasing, and equal liberty for all men. In other departments some people may very cautiously still in one of his classes. The world he would win would be one wherein authority would be rigidly administered by judges decreed in wisdom and in justice; wherein government, executed in a wholesome manner, would be helpful to the people. The world he would win would be one wherein harmony would be preserved, human happiness promoted, knowledge advanced, and equal liberty for all men.
