Relay Trials To Start Sat.

All Frosh Must Work To Beat 21-L Record

About two weeks away, track practice is in full swing, with a great many promising men from both the Phi and Freshman teams out to break the Field Day Relay Records of 4 min. 6 sec. made in 1931.

In all the years these races have been run, no team has ever won the event 21 times while the Freshman teams have won only four times, the last being in 1941.

This coming Saturday afternoon the Frosh relay team will be on hand for the relay trials, followed by theSophomore relay team. The trials will be run in the same order as the regular relay, giving the Frosh an opportunity to gain experience before the big event.

The following Sophia on last year's Frosh team have reported to Coach Hedlund: Alan Wicks, Jack Purser, Ray Delbrand, Martin Walker, Dick Poorman, Steve McAlpin, Charles Cummings, and William Faustner. The most promising freshmen as far as the Sophomore Association of American Colleges, delegation to the 1943 Summer racing regattas is the Nautical Association of M.I.T. has not been denied and its whole purpose is to make every good athlete as efficient as possible.
