In Semi-Finals

Dwessley O. C.
To Give Greus

I.O.C.A Square Dance
To Be Held Tomorrow

Instead of the usual Intercollegiate
tennis Outing Club Association
Championships, the I.O.C.A. will
hold its annual tennis Outing Club
Semi-Finals on Saturday, April 29.
The event will be played at the M.I.T.
men's tennis courts in Investor.
First, the location is to be Wellesley.
This afternoon, the members of the
Men's tennis team will play for
eight prizes. The prizes include:
first place, $5 prize; second place,
$4 prize; third place, $3 prize;
fourth place, $2 prize; fifth place,
$1 prize; sixth place, $2; seventh
prize, $1; and eighth place, $1.

Bob Moch Seeks Variete Stroke; Lightweight Crew Is Improving

This past week, Coach Moch has
continued his experimental work with
the novice crew. He is still trying
to find the men to make the novice
four plus stroke. Most of these men
have been rowing at that position
previously, but they have not regis-
tered any progress in the present
gestation of the practice. The boat is
now up to 13-4, and the novice
crew will have the last voice in the
contest at the Harvard and Smith
time trials being held, but they will
be rowed at a good time and are
being used as something of a preview
for the novice men. The novice
crew has been at Harvard and Smith
time trials being held, but they will
be rowed at a good time and are
interpreting to the novice men.

Captain Shevstov speaks at M.I.T.

Russian Army Official Discusses Student Life

Last Monday afternoon, Technology
and the Arts Society invited a Russian
Army official to speak to a lecture on student life in Russia and
the Soviet Union. The speaker
was Captain Shevstov, who
volunteered for active service when the
war began. After being wounded
several times in front line action, the
23-year-old soldier was left with a
severely crippled leg.

Colleges in Russia

The captain further stated that
colleges like M.I.T. and Techno-
ology in the United States, but
there are many universities
in the Soviet Union. The
course of study depends on the
student's major subject, and
there are many extracurricular
activities carried on including sports, drama,
and music. The Russian universities are about 30 per cent
even in technical courses.

Technology the Arts

When asked if there was any
college for women, the student
said that there were a few,
but most were men's colleges.

Technological

We can receive oil in Russia, but
the price is very high and
we have to pay for it in French
francs. The French franc is
worth about one dollar,
so we have to pay a lot
for oil.

Law

The Russian law is very
strict, and there are many
crimes that are punished
by death. The death penalty
is very common, and
people are often executed
for political crimes.

Business

The Russian business
is very different from ours.
We have a system of
collectivism, where
everyone works together
for the good of the
country. This is
very different
from the
individualism
in the
United States.

Track Try Outs Sat. Afternoon
Triangular Meet Week from Saturday

Final Score 3-3
Metcalf, Wyckoff, And Welland score

The M.I.T. Lacrosse team opened
its season last Saturday against the
men of Harvard, Victory, and
the won, 3-0, and the Harvard
Lacrosse Club, 1-0, in a hard-fought
game. The at Cambridge
against the Harvard College
techniques, the team
played a good game.
