Professor Kent Passes At Home

Professor Morton A. Kent, a visiting professor, died at his home on Sunday, March 13. Professor Kent was a visiting professor in the Department of Physics and was previously a professor at the University of California. He had been teaching in the Department of Physics at MIT for several years.

Before coming here to teach, he had taught at Boston University for many years and had retired. After his retirement, he was a member of the Massachusetts Institute of Technology and was a member of the American Physical Society.

Professor Kent was always very active in the department and was a member of the AIP. His work was recognized by his colleagues, and his efforts for the department were greatly appreciated.

Finals Force No Issue Of The Tech Next Week

There will be no issue of The Tech next week due to the rapid approach of finals. However, the staff will be busy doing back work and preparing for the issue of The Tech next week. If any students have any suggestions or ideas, they are welcome to share them with the staff.

Finals will be held on Sunday, March 13, and Monday, March 14. The Tech will be published on Tuesday, March 15, and Wednesday, March 16.

Electing Committee.

The elections of Carroll W. Norton, Jr., 6-46, at New England Mutual Life, and his office on the third floor of Building 8, were re-elected and his position is a great boon to the Department.

Commissions Presented To 237 Air Corps Meteorology Cadets

Two hundred and thirty-seven weather officers, who will take the Institute's special course in Meteorology, received their commissions on March 17 at the Headquarters of the United States Air Force. The Institute's Commissioning Program is a coordinated four-year program in the humanities and sciences, and will be held during the last week of April.

Dr. K. C. Stimson, President of the Institute, spoke at the ceremony. The commissioning ceremony is an important event for the students as they will be commissioned as second lieutenants in the Army of the United States. The students will be given the opportunity to serve their country and to contribute to the advancement of science.

The ceremony was held in the Great Hall on Saturday, March 12, at 11:00 A.M. The ceremony was broadcast on radio, and the students were addressed by the Army of the United States.
