Patterson, 2nd.
Boyle, c.
Klem, r.f.
Vozella, r.f.

Wood
Spencer, c.
Harach, p.
Diciano, 1st.
Sobczyk, 2nd.
McGuiness, 3rd.
Klemman, s.s.
Wagner, r.f.

Goodale
Harms, p.
Walch, 1st.
Boyle, c.
Hampeker, 1st.
Gegg, 2nd.
Boyle, c.
Wagner, r.f.

Track Men Take A.A.U. Physicals
Eight Track And Field Events Make Up Tests
Track Coach Oscar Hedlund is giving the A. A. U. Physical Fitness and Proficiency Tests to all men out for track. The tests consist of eight track and field events as follows:

- 100 yd. dash, broad jump, mile run, 12-lb. shot, 120 yd. low hurdles, baseball throw, run-walk mile, and high jump.

Individuals may qualify for the primary test, intermediate test and the advanced test. The standards for each are arranged according to age groups, the majority of the candidates between 18 and 24.

320 Ft. Baseball Throw
Randolph has done the best in the broad jump so far with a leap of 29 feet. In the mile run, Charlie Goodie topped all runners with a 4:54.4 mile. In the baseball throw, Joe Oechsle made a phenomenal throw of 320 feet. The best time for the Run-Walk mile was made by R. E. Wilson who did a 6:35. In this event the first lap is walked, the second run, the third one walked, and the fourth one run.

In the high jump, Humphray cleared the bar at 5’9⅛”. The 100 yd. dash and low hurdles have not been run as yet.

Cross Country Team To Hold Tryouts Sat.
Coach Hedlund wants all cross country men to report on Saturday afternoon three o’clock. The team will run over either the Harvard or Tufts course. The team is preparing for a tough season during which they must defend their title as New England Cross Country Champions.

Cornell To Race Here On Sept. 23
With the Cornell race on September 23 just one week away, Coach Moch is working on the lineups of the Varsity and J. V. boats. Recent developments have served only to complicate matters as the various crews, with the exception of the varsity, continue to blow hot and cold on alternate days. The main issue is between the second heavy-weight shell and the lightweights. In the latest time trial in which five boats were entered, the lights finished second to the varsity, while the heavies were last. The varsity’s time was 6:42, which is not considered bad at all.

This last week saw several important changes. Doug Russell was shifted back to the port side and took the seat in the varsity which he has filled for two years. Dick Jorgenson was changed to starboard in the second heavy boat, while Ormiston returned to the port after a try as a starboard rower.

At the moment the Varsity lineup is Thorkison, Held, Kalb, Rudolf, Russell, Haagland, Street, and Hunter. If Thursday’s time trial is any indication, this lineup will probably remain unchanged for next week’s race.

"THE BEST-KNOWN VEHICLES IN AMERICA"

What’s the best known vehicle on your college campus? You will probably agree it’s the Railway Express truck. And one of the best-liked men is the dependable Expressman who drives that truck.

There’s a good reason why these trucks are on the campus so frequently. It’s to serve your shipping needs. Express Service is a strong, direct link with home.

Railway Express and its coordinated Air Express Division are carrying a substantial shipping load these busy days. You can help the Expressman and his vehicle do their job quicker and better by observing three simple steps: Wrap your laundry or other packages securely...address each clearly...ship them early. We know “A shipment started right is half-way there.”

First Inning Decides As Five Phi Gam Runs Score, In 8-3 Victory
One of the most important games that has been played over the past few weeks occurred last Monday afternoon, when the Phi Gamma Delta Softballers met and defeated the Phi Kappa Sigma outfit. The tilt saw two of the strongest teams in this year’s league, meeting in a battle which decided the second entry into the round-robin play-off.

The game was decided in the first inning, when the Phi Gamms poured on the pressure, and scored five times, before the Phi Kappa Sigs could halt the parade. After that first outburst, the game was close as brilliant fielding cut down chances for both sides. However, that initial margin was too much for the Phi Kappa Sigs to overcome, and the game went to the Phi Gamms.

Both teams looked good in the field, as Trager and Ehrenfried, who arrived late for the Phi Kappa Sigs, hooked up in a close mound duel. Both were ably supported by their teammates, as Jim-Craig and Greg Walsh composed a snappy key-stone combination for the Phi Gamms, and Bob Hildebrand and shortstop Len Dorringer stood out for the Phi Kappa Sigs.

With two teams now in the round-robin, the Phi Gamma Deltas and the Phi Sigma Kappas, a game will probably be played between them in the near future. The third team in the round-robin will be decided within a week, as the Phi Kappa Sigma will meet the Theta Chi.

Installation of “King-Pins” In Walker Alleys Is Delayed
The installation of the facilities for the use of “king pins” on the bowling alleys in the basement of Walker Memorial will be delayed indefinitely, Ed Pung, the operator of the alleys, revealed yesterday.

Mr. Pung says that all necessary equipment has arrived and now it is only a matter of how soon the “stops” for the balls can be installed. The reason for the delay is that the only men qualified to put in the “stops” are now busy constructing bowling alleys in army and navy camps.
