Extra Period

Tech Leads In Last Period, Then Falters; Trinity Wins, 54-41

In a heart-breaking overtime duel at the last of the few spectators, their toes every second, Tech topped its second straight game toTufts last Wednesday night on the Walker court by a score of 54-50. The Beavers suffered their first loss from Trinity last Friday night, with the tune of 54-41. The Tufts game was closely contested most of the way, with both teams moving fast. After gaining

Will Named Senior Ring Chairman

Solons Discuss Ways
To Aid School Spirit

The appointment of Edward S. Hill, 2-46, as chairman of the Senior Ring Committee was approved yesterday at the regular meeting of the Institute Committee. Also approved were the Tech and freshman section leader elections.

The committee then sanctioned amendments to the constitutions of the Hindustan Association and "Voo-b." David P. Flood, 6-45, invited all

Freshmen Shed Ties
As Rules Period Ends

Freshmen and first-term Sophomores are rejoicing today, for this is the last day on which they will have to wear their traditional red and gray neckties. The rules period extended up to this afternoon, the start of the Christmas vacation, because the Class of 2-46 triumphed on Field Day. If the freshmen had won Field Day, they would have been permitted to stop wearing their ties at the end of the summer term.

Walker Memorial Competition Has
First Elimination

The first phase of the competition for positions on the Walker Memorial Committee was ended early this week with the elimination of all but fifteen of the freshmen and Sophomores competing. Up to this date, the candidates have prepared reports on various activities, making suggestions as to their improvement, and they have also spent time in the office, familiarizing themselves with the functions of the Committee. In the future large individual projects will be completed and more work will be done under the supervision of Committee members.

Freshmen Elect
Section Leaders
Institute Committee
Approves Elections

The Institute Committee at its meeting yesterday evening approved the election of the freshman section leaders and alternates which were held two weeks ago in the drawing sections. These elections are for the remainder of the current term. The newly elected section leaders in the following freshman civilian sections are: 1, Myron M. Thomason; 2, Edward S. Fabiezewski; 3, Norman N. Holland, Jr.; 4, William J. Weisz; 5, John E. Hill, Jr.; 6, Walter H. Amadon; 7, Joseph D. Toomey, Jr.; 8, Richard A. Cleveland; 9, Walter F. Wagner; 10, Robert E. McBride; 11, Robert J. O'Donnell; 12, William H. Poynter; 13, James B. Ryder; 14, Robert J.

Merry Christmas

The staff of the TECH takes this opportunity to wish the entire Technology family a very merry Christmas. Though the vacation won't last long we hope you'll all be much happier when classes resume Wednesday morning.

I.F.C. Planned
For Jan. 26
Dance In Statler Open
Only To Fraternities

The annual IFC Dance will be held in the Georgian Room of the Hotel Statler on Friday evening, January 26, from 9:00 P.M. to 1:00 A.M. The Inter-Fraternity Conference finally chose the Georgian Room because of the fact that all the larger ballrooms in Boston have been leased through the end of this term. A band has not yet been selected, but will be chosen in the near future.

This IFC Dance will revert to its old form in that it will be open only to fraternity men. This was made necessary because of limited space, since only about 200 couples can be accommodated in the "Georgian Room." Information on the sale of tickets is expected to be announced next week.

Two 5:15 Club Ex-Presidents And Friend
Find Treasure By Scientific Approach

The scientific mind has triumphed again! With the aid of slide rule, the differential analyzer, and the Lebesgue intergral, three stalwart Technmen of assorted status, eating, drinking, playing cards, or seven seconds after the last one

June Volume
For Technique;
Size Undecided

Work Starts Soon;
Farrow Asks Seniors
To Join Book's Staff

There will definitely be a volume of Technique published for the Class of 6-45. This decision was made at a recent meeting of the Advisory Council on Publications with members of the Technique staff and Kirk Drumheller, president of the Class of 6-45. The boards for this volume will be announced as soon as the current volume is published.

The exact size and shape of the volume will be determined only by the amount of material that is available at the time of printing, which will be in about three months, if the year book is to be ready for graduation in June. Work is starting immediately with the hope of making the volume as near normal as possible. A serious problem confronting the book is a lack of men in all departments. William H. Farrow, 6-45, General Manager has stated that a large number of men, particularly Seniors and Juniors are needed to insure the success of the yearbook.

rumors ran rampant that Fuller

ters like those you find in alphabetic soup, went on the air from the secret headquarters of WNAC on December 11 until eight minutes and seven seconds after the last one was broadcast on December 19, at which time they had already found the treasure or a reasonable facsimile thereof, spent all their time eating, drinking, playing cards, or eliminating possible hiding places using a device of their own invention, suspiciously like the special decoder offered some time ago by Little Orphan Annie for ten cents and an Ovaltine boxtop.
