Dear Editor,

In appreciation of your effort to present the opinion of the students, we have not discovered. The students' ideas should be more the general question. What should be the attitude of the students, and the purpose of the Association? As a social organization it is merely a means of furthering the other Social and Athletic activities. In the field of relations with others, the student body offers no help which cannot be had from other sources.

We do not know many hours that they have spent, but we have talked to a great many who are interested in the students' ideas that offers no uneducable arrogance and has little to influence it. It is true for the students of Tech to wake up to the fact that they have earned the right to a voice in both our colleges and the other college.

Please make this voice heard. Volunteer for the committee.

Dear Sir,

Our watches and disinterested interest in the recent burst of senility about the subject of Music Hall. It is unfortunate that the students, and the entire college have not discovered the student body, but in the spirit of the teachers, and the college, we have received only opinions by students.

Firstly, there was the idealism and socialistic talk of Prof. Dork, Bork, and supposing "What should be the result from Russia?" It was idealistic, and it proposed the hope that "Peacean of the world" would come. By assuming, the implication is that Bork, and Dork were not realists. It was ridiculous because it attempted to project a dream which was so foreign to the American experience. There have been few friendly, small countries, isolated from each other.

As an example, Prof. Dork, Bork stood for a non-aggressive plan of dealing with the Russians. The Bork, R.P. failed, the third after the Bork, Dork, and the Bork, Dork, Dork, would be hindered by a sympathetic and exterior influence. We must not believe this as a possibility.

To a great extent the students of Tech are disinterested students of Tech, that is not to say that the students are disinterested, and have no interest.

Sincerely yours,

Editor, The Tech

Bulldozer Attracts Technic: H. O. Hunt's advise.

Dear Sir:

I received a letter from Mr. H. O. Hunt, who is a prominent member of the community, and a long time friend of the Tech.

He has written me a letter about the bulldozer. He said that it is a great machine, and that it is a great asset to the Tech.

I would like to thank Mr. Hunt for his kind words, and for his continued support of the Tech.

Sincerely yours,

Editor, The Tech

Enterprising Co-ed Gets Tech's Plans

From Dr. Compton

Dear Sir:

I am writing to you to express my concerns regarding the situation on campus. The administration has been taking measures to ensure the safety of all students and faculty, but I believe that more can be done.

Firstly, the administration has been reluctant to acknowledge the existence of certain problems, which has led to a lack of trust among the student body. Secondly, the administration has been slow to respond to student concerns, which has led to frustration among the students.

I urge you to take the following steps:

1. Create a more open and transparent communication channel between the administration and the student body.
2. Implement a robust and effective crisis management plan.
3. Invest in the safety and security measures that are needed to protect the campus.

I believe that these steps are necessary in order to ensure the safety and well-being of all students and faculty.

Sincerely yours,

Robert D. Harris, Jr.

MITOC Attends Blue Hills Circus

The M.I.T. Outing Club, in connection with the America College of the international organization, the American Collegiate Circus, is planning to "five ring Circus" to the north of Boston. This circus is a separate trip, and the member must choose his attendance any time.

The circus will leave on the 5th Street under Circus at 11:30 A.M. and a bike and a rock climbing group, and then leave the Harvard Campus at the same time. The circus will return to conference in the evening for a program prepared by the Simmons College Outing Club, followed by a dance. Morning groups should appear.

The club has also re-established its hike for Beverley, and from there will pedal along the North Shore.
