A Rational Approach to Zionism Is Provided by Prof. K. Deutsch

"Nationalism in the Middle East" was the subject of a talk be­
ered to the Hillel society by Profes­
sor Karl W. Deutsch of the Depart­
ment of English and History at Litt­
field College. The interesting talk took place on Friday, October 22, for the purpose of hearing the various positions and the functions of the various activities can be kept to a minimum and be better appreciated.

An explanation of the dance sys­
tem and the method of obtaining a good seat at the Voo Doo Memorial was reviewed, and the plan was that the seating chart was distributed. It was de­
cided that no new seating chart edit­
ions will be allowed to be put on display more than two weeks prior to the affair, if the W.M.C. is unable to.

A suggestion to improve student activity offices in Walker Memorial was acted on as soon as the Committee is able to. Also the possi­

bility of moving some offices along some of the activities to Building 30 upon request was given favorable con­

viction.
