Magoun Concludes Marriage Series

Professor F. Alexander Magoun's fall series of four lectures on the mind and brain was concluded on Thursday, December 5th. Prof. Magoun has discussed various forms of emotional expression, including masturbation, homosexuality, psychopathic and free love. In each case the problem was discussed from the viewpoint of its effect upon the character and personality of the individual, rather than the legal or moral aspects.

Professor Magoun concluded with emphasis on the thought that moral standards should be imposed on a person. Every individual must be considered a potential sinner; however high or low, in which he can sin.

According to Prof. Magoun, "sensations must be the major consideration.
