Institute Committee

BRIEFS

Several student organization constitutions and elections were discussed at the regular meeting of the Institute Committee held yesterday. Newly elected officers of the Debating Society, the Outing Club, and The Tech were approved by the Institute Committee. Also approved were new constitutions of the Debating Society and the Shop Society. A proposed constitution for the Combined Professional Societies will be further considered at a later meeting. The present activities and future plans of the Lecture Series Committee and the Debating Society were reported on. In answer to a question concerning the decrease also of milk bottles in the Walker Memorial, it was reported that a temporary shortage was the cause.

The Tech Promotions

broad curricula emphasizing the classics, or training for a vocation, or social work. Those a man may have without being educated, he claims, since the real measure of a man’s education is his ability to think intelligently and to carry on intelligent conversation. Those who will not make use of such an opportunity will be held responsible for the results of the whole affair will be the responsibility of the Tech.

Tau Beta Pi, the honorary engineering society, is responsible for the planning of the social activities involved in the administration of the society. The results have been achieved, and Tau Beta Pi, says, Chemistry clearing courses are being conducted with the full cooperation of the Course X faculty, a group of brave gentlemen. If everything is to be carried out, then students do their part in a serious way, and Tau Beta Pi will try the program in all departments of the institute.

The “Instructor Evaluation Survey” which is the question was popularly known across the country. The results of the survey are marked on a basis of in many of the institutions, including “knowledge of subject,” “interest and enthusiasm,” “ability to explain material,” “ability to make the material clear,” “ability to select material,” and “self-confidence.”

The question is, “Are you a teacher, or do you have any desire to become one?” Actual teaching will not come until after the first meeting, but one can take it as well. Actually, of course, Tau Beta Pi will get a chance to see the facts of his students opinions.

Please do not sign your name or make any mark which might serve to identify you. If you fill in the questionnaire, and no student is likely to go out of his way to sign his name. Two Tau Beta Pi men will take over each class for a half hour, and with one another. The students will be asked to evaluate the instructor involved. Finally, a member of the Junior who knows nothing about the question will rate the instructor involved. The instructor is then able to correct the faults and provide the survey truth in alience.

It is hoped that the comments of the students is the subjective criticism and enable the student to take a more active role in the class. ManyTau Beta Pi men say, "The 'Instructor Evaluation Survey' is not a blank sheet, it is the answer to the question, 'What is a better instructor?"
