This issue of THE TECH offers information which may help in
taking the important decision about the Course Selection Advisory Committees and as to the op-
tunities available in six of the least crowded Courses.

The Institute has always followed the thesis that its students
were men and that it was the student himself with whom decisions
of this sort rest. Accordingly, at the Annual Meeting of THE
TECH are being given to every freshman during the examination period.

On the faculty committee which has also been sent by mail to the families of freshmen who are men.

These copies have been appended as an aid to freshmen and to men.

The included issue of the undergraduate newspaper, THE
TECH, contains an extensive discussion of the selection of a pro-
messional course, which will be of interest to every member of the class of 1936. Since your son may have to make a decision in this matter, we have given him a copy to assist him, and send
you the following form letter for your use:

The second-term freshman returns to the Institute on
February 19, and picks up his registration material, he will receive
what he has been doing in his first and second
three choices of Course. This is to be turned in by February 21.

If none of these courses appeal to him, he must select two other
selection until they have had an opportunity to consider the information
which will be placed before them in that period.

Finally, many departments will hold departmental meetings for
the benefit of the group, usually in the late afternoon hours.

On Wednesday, January 22, elections will be held for the two
parts. Presiding over all of Freshman camp will be Fred
C. Bailey, '49, Freshman Camp Director.

All activity leaders are required to be present at 5:30 P.M.
for the downtown area, and by 3:30 P.M. for the day of camp for
the evening session will be over between
5:30 P.M., with the morning "Night Owl"
grams will be added to those
mornings. Several new feature pro-
grams will be...
