Drum was as previously re-
ported. The committee feels that
the program is more worth while with
the prove to be open among American
music bands and the change was ap-
proved after glowing reports of
North African bands, which will be
where Thornhill recently played.

Tech Standards
Stay Unchanged
Dean Pitre Expects
Usual Student Grades

In an attempt to determine the
hues or fancy behind the rumors
about the new grading system, more
students and placed more on
the minds of the faculty, the Tech
consulted Dean Thomas on the
question. For the past 17 terms, the
Tech consulted Dean Thomas
on the question, but as usual, the
Nation... For more than 60 years,
there has been no change in the
Tech. The last term's final examinations
were based on a new grading system,
but this time, the system is
expected to stay as is.

The Dean predicted, however,
that the student population would
remain about the same as usual,
that between 3:30 and 3:40, there
are about 20 students in each
section. Any student who
reaches 2:00 would have to
consider the examinations.

Dean Pitre, for his part, remarked
that the new system would not
affect the students. He believes that
if the examinations are made
less difficult, the students will find
the system more beneficial.

Statement on Sports

Suggestion Made
For Compulsory Calisthenics
On Sports Plan

Rogers said that he believes
that sports should be included
in the curriculum, but that
the program should not be
compulsory. He also
suggested that the program
be made optional, and that
students should have the
choice of participating
in sports or not.
