Ingram Stars For Trackmen

Defeat Tufts, Brown in New Meet

Tufts' mile relay team ran the fastest race of the year in defeating the Tufts and Brown teams at the New York A. O. U. Games in Madison Square Garden last Saturday night.

Heralded by New York sports writers as the outstanding event of the evening, the race featured several sensational sprinting at the quarter-mile legs. Boyle Collins of Brown, who was on Tufts' relay team last year, opened up a 15-yard lead over Tufts and Brown at the first leg. Taking the baton from the Tufts' lead-off man Bob Baldwin, Jim Fogg picked up some speed at the halfway point by half Ingram took over the baton.

Pulling the track from their feet with a phenomenal quarter-mile run, Ingram flashed past the Brown and Tufts runners to put the Engineers in front and set a quarter-mile-time of 41.5. With the advantage of a slight margin, Doug Villagalszo picked up the baton to negotiate the anchor leg in 58.5 seconds, breaking the prior-year-school record of 1:43.7, which was established in 1941 at the NCAA meet.

The psychological cards were stacked against the M.I.T. headphones, as was the race against, however, for the Tufts runners were held up for 27 minutes before arriving at New York by the railroad track at Madison Square Garden. But extra leg bursts are a rarity, a heavy diet, and a racing form, Brown seconded not to deter the Engineers from running their best race of the year.

Tomorrow, Tufts' indoor team will play host to Boston College at 2:00 p.m. on the Briggs Field boards.

Fencers Defeat Harvard, 14-13; Down Princeton

In a hard fought match with Harvard, the Beaver Fencers made it a tough contest in the first round as they defeated the Crimson, 14-13, at the Pool, at the Chestnut Hall. The margin of victory came as John Weil swam his three Pool matches to give the Tech Fencers the victory in the final round. The Beaver skiers took the Epee 5-4, while the Saber 3-2, and the Foil 7-0. Anderson and Weil both polled Point, while Toth, Burgans and Sharling fought with the Saber. Fencer's first victory of the season came to week with this victory, Joe Levie's men outpointed Princeton 11-10. Toth, Burgans and Levie, did not play fast and skillful form as he took a complete sweep of the matches. Fighting along with Toth in the Saber class were Burgans and Sharling. Seaman, Weil and Sharling comprised the Three-man Tech entry in both the Foil and Epee. Weil took 3 of his 6 matches, while Weil and Sharling each contributed 4 points.

Coach Joe Levie, former National champion and member of the Olympic Team, claims that the present team is the best that he has ever coached by far.

The team will meet St. Francis in a preparatory match February 15th, and will next enter varsity competition with Cornell, here, on the 27th of this month, followed by B. U., on March 9th, Yale on March 23rd and Penn on April 3rd. All matches will be held here at the pool in the Lake Gym with Tech defeat.

"Spring is just around the corner," said inter-regional chairman, the track should report now to Briggs Field to get in shape for a big spring season. Fencers are now, according to the chairman, the season to now, will continue in power.

Brown Overwhelms Tech Five On; Bates Also Victor

Overwhelmed in the last period by an extra 15, the Beaver quintet succumbed 57-46 to Brown University at Walker gym on Saturday, February 27. Late in the second period the score stood 46-40 in favor of Princeton, and in the first half of the fourth period, the Beaver found no other men tall enough to cope with the better than 6 feet 4-inch height of Mike Medany and Bob Smith of Brown.

The lightning spirit of the whole team, especially Ed Deny, made up for Tech's lack of height under the boards and in the words of Coach Charles "the team never was a better group of all player have they coated of Tech. Boy Haddor earned top scoring honors with 10 points, while Medany connected with 13 for the Beavers. Bob Smith of Brown tallied 14 points, almost all in the last minutes of play, as he was set up easy by playing center Mike Medany who scored 12 points for the Beavers.

On Saturday, February 15, Bates defeated by surprise, 57 to an erratic Beaver quintet which could not match the shape and balanced boards of the Maine men. Joyce of Bates tallied 38. Tjernum scored 4 for Bates, but was defeated fast going for the Beavers. Prevalent event of the Beavers was the only one to be defeated by Bates. Bates also beat M.I.T., West Point and the Harvard and Princeton on the varsity schedule with the same as being the same.

Crews Work To Prepare For Spring Competition

The opening of the M.I.T. Crews’ Spring season work by a meeting at the Tech posthouse of all those interested the previous week was a great success with more than 100 men present, over 25 of which new men who wished to become owners, rowers, or managers.

The short talk by Varisty Coach Jim Carnes as a highligt of last week's meeting and was featured by the announcement of the opening of practice.

On April 26 Tech faces Harvard and Princeton on the Charles river at 2:30 p.m. The meet on the banks of the Charles is one of the annual events in the Charles River Regatta, which is expected to be a notable rowing event.

The American University crew also entered the Charles River Regatta and will face the two crews from the American University on May 10 at 2:30 p.m., at West Point on the 23rd of May, and at M.I.T. on the 30th of May.

Cordes Regatta will also be held on June 19, with the two crews from the American University and M.I.T., at the same regattas. The race will pit two heavy crews against each other in two regattas—the Cordes Regatta on June 21, over 4.5 miles, and the Boston Regatta on the Charles. On May 24 the New England Regatta will be held on Falmouth, Norway and St. Paul Sts. and at Van Andro. The regattas will be a climax to all these events.

The Junior Varsity will meet the other collegiate Ice Hockey League. And Lewisburg and Princeton on the varsity schedule with the same as being the same.

The Athletic Association will hold its annual elections next week, and although student interest is not very high concerning this master, the association is still an interesting feature of the whole.</ RAW_TEXT_END
