L.F.C. Dance Plans Include Sat. Parties

Four Aftemoon Parties To Follow Friday Dance

Highlighted by several Saturday afternoon cocktail parties, plans for the L.F.C. Weekend, May 8 and 9, are rapidly taking shape. The big formal dance will be Friday evening, May 8, in the Hotel Statler with Boyd Haskins and his popular new band supplying the music. At least four fraternities will give "sponsored" cocktail parties according to present plans. No official parties are being planned for Friday evening, although, according to present plans, no official dancing will be permitted and it is unlikely that any house will have its own private or bid party on Saturday night.

Because of the anticipated staff turnover and the increased fraternity enrollment, admission to the dance will be limited to fraternity men. Permission will be required, but it will be the intention of the L.F.C. to bar non-fraternity men. No official band supplying the music.

Student Societies Sponsor Lectures

Math Society: The Wednesday series of lectures in Room 4250 will continue with another interesting lecture on Tuesday evening, April 8. Professor Shriver will give a lecture on Taiwanese paradoxes. Among future lectures will be one on topology by A. V. Martin, another on commutative geometry by Raymond K. Huffer, and still another on applications of Boolean algebra to electronics circuits to be given by Albert Perry.

A.S.M.E.: Carlos de Barros, member of the Corporation, President of the Chinese government, will give a talk on the internationalization of Chile at 3 p.m., Monday, April 7, in 1068.

Metallurgical Society: Monday, April 7, will be the date of the annual spring social party, which will be held in Building 35 at 6:15 p.m. John Deen will speak on "Metallurgy in India." Prices will range from 75c to $1.

Rocket Society: Professor W. M. Robinson will lecture at 7:30 p.m. on Tuesday, April 8, and give a lecture on the principles of heat transfer in 6-120. Membership applications for the spring term will be accepted then.

Self-Tenos: Regular meetings, which convene in front of the rifle range, are held every Thursday afternoon at 4 p.m. Freshmen non-coms are especially urged to attend these meetings, for special instruction in the manual of arms for the M1 rifle of 1903.

Physicia Society: Professor Blater will speak on the electronics research laboratory next Friday, April 11, in 8-120 from 5 to 6 p.m.
