**TENNIS COURT RULES**

Last week some featherbrained individual climbed the fence surrounding the clay tennis courts and attempted to cut the courts while they were still wet. There were no injuries to the courts, only one-half of the surface had the new top in places, and the tennis to the courts were locked. Yet the unknown character got into the playing area and tore up enough of the netting to cause the maintenance men several extra days of work to get the courts into playing shape.

The action is typical of the thoughtlessness exhibited by many people in their treatment of public properties. As a guide for future action, remember below are the rules governing the use of the courts:

Eligible Players
Use of the economy tennis courts is restricted to the students and their guests.

Reservation of Courts
Only students and faculty members may sign up for courts. The reservation book will be kept at the counter service in the base-

ment of the Walker Memorial build-

ing.

Individuals may sign up for only one court and for only one hour per day each day. Furthermore, reserva-

tions cannot be made more than two weeks in advance.

During the spring season, Courts 1 & 2 are reserved for the M.I.T. varsity tennis squad from 1:00 pm.

1 & 2 are reserved for the M.I.T. varsity tennis squad from 1:00 pm.
