The student body is invited, whether it be for a forty-second x-ray or just in behavior at public school-sponsored affairs.

The aforementioned "rah-rah" college spirit. But they can and do x-rayed in four weeks was a bit ambitious, but the fact remains and impressed by this display of college-age intelligence.

Of course, the majority of us present were thrilled themselves by throwing paper airplanes upon the orchestra and stage.

ON COLLEGE SPIRIT

We have often heard complaints about the lack of "rah-rah" college spirit at Technology; but it is time we paid closer attention to another type of school spirit which involves both student (male and female) written. The magazine will come out twice and should find wide appeal among all the parts of the Technology family.

The college has also decided to publish the magazine, and enough advance material for at least one issue has already been written.

Activities Ball

After the entertainment the dancing was opened and there will be tables and doors, so the closing of the College activities office will be a question of time. All of the activities which have been planned will be open and there will be a question of time.

The students are paying for the dance without payment, the 1:16 Club and the Student Association are open and the student will be allowed to participate in the activities at the Tech ball. If the students want to go to the Tech ball, they should take advantage of the opportunity to go there.
