Clifford, Lea, Thompson Lead Sextet To Win Over Suffolk

For the first time this year the first line of Co-Captains Jack Clifford, Lea, and Thompson, centered by Don Lee, played as a unit and the combination swept the Tech hockey team to an 11-4 victory over Suffolk, at the skating Club last Sunday. Clifford's four goals and three assists led the scoring. Lea and Thompson were close behind with four goals and two assists, and four assists respectively. All of Clifford's goals and one of his assists came during a ten minute space ending the second period and starting the third when the game was still close. Lee's goals brought his total to eight for his ten periods of play. All of his goals were scored by his specialty of goal ing in passes or rebounds close to the net. Thompson's return brought back to the team the play-making that has been sorely missed all year.

Fire of Mysterious Origin

In Building One Basement

A fire of mysterious origin in the basement of Building One last Friday, January 9, brought several companies of fire fighting equipment to the Institute.

During fumes were noticed by the janitor as he was making his rounds shortly after 8:00 p.m. and he summoned the fire department. The fire was located in a cylinder that is believed to have contained phenyl phos- phorous and hydrochloric acid. Florence had to use gas masks to remove the cylinder from the area near the Military Science Department rifle range. Once removed, the mixture burned itself out.

There has been no indication thus far what the reason for the fire could be.

building was located in a cylinder that

shortly after 8:00 p.m. and he sum-

moned the fire department. The fire

was in the basement area near the

Military Science Department rifle

range.

At the end of the year he will

receive a bound copy of "Trans-

actions," which is a compilation of

all the technical papers published

by the A.F.A. during the year.

The organizational meeting of a

student chapter of the American

Foundrymen's Association was

held from 5:00 p.m. to 8:00 p.m.

Wednesday, January 9, brought severe

weather to the Institute. (See inter-

nal page)

From the above, it is evident that

production has been affected by

weather conditions that are not

uncommon in the winter months.

The meeting was well attended

and was appreciably shorter than

previous ones.

At this meeting, Fort T. F. G. T.

was accomplished by the A.F.A. during the year.

All of Clifford's goals and one of his assists came during a ten minute space ending the second period and starting the third when the game was still close. Lee's goals brought his total to eight for his ten periods of play. All of his goals were scored by his specialty of goaling in passes or rebounds close to the net. Thompson's return brought back to the team the play-making that has been sorely missed all year.
