Graduates Hold Annual Election

The Graduate House, one of the most important and least published living groups at Tech, has elected an executive committee for next year. As provided in the Constitution of the living group, the executive committee was elected by a general election under the auspices of an election committee. The members of the executive committee for next year are: James Angel, John Orr, Bayard Stall, James Henry, and Robert C. Stout, '50.

During the past seven months the Graduate House student organization has progressed considerably toward the solution of the graduate house problems. There are, however, still many problems of living still to be solved, and these issues played a prominent part in the election platforms.
