VETERANS INFORMATION

Education and Training

Education or training must be started within four years after discharge or by July 31, 1957, whichever is later.

As a general rule, education or training must be completed not later than July 31, 1956. The exceptions from the general rule are veterans who enlisted or re-enlisted on or after October 6, 1946, and before October 6, 1946, under provisions of the Armed Forces Volunteer Recruitment Act of 1947.

GI Loans

Veterans may apply for guaranteed or insured GI loans for the purpose of building or buying homes, farms or businesses, up until July 31, 1957.

GI Insurance

Although the deadlines for reinstatement of GI insurance under the current reinstatement terms is past (July 31, 1956), those who do not want to have veterans with lapsed term insurance can be reinstated without the

Problem: To hold down costs, and speed the extension of telephone service.

Solution: High-strength wire whose use allows the span between poles to be increased from 150 feet to more than 300. One pole now does the work of two.

The solution of the problem, of course, is a continuing one for telephone people. High-strength wire with required electrical qualities is only one of many things they have developed to help solve the problem in these days of high construction costs.

In total, their developments are the reason why telephone service here is the best in the world—the reason why a telephone call costs only a few pennies.
