PARKING

All areas to the west of Massachusetts Avenue are expected to use these areas to the maximum extent. As a result, parking permits and keys will be required from students using these areas for overnight parking.

Abbotd to Faculty

Parking facilities will be allotted to faculty members by department, and each department will be automatically increased at the end of a certain period. If the areas are not filled, the percentages will be automatically increased at the end of a certain period.

Students who live off campus, such as fraternity members will be expected to use these areas to the west of Massachusetts Avenue.
