By sincere effort I would strive years at Tech."

and friends ventures at other educational institutions among all members of the Class of '51.

"Aigger and better Senior Week at a lower cost to all.

"A representation of all living groups on all class committees to provide a channel of all living groups in fact as well as in theory."

Robert W. Mann—"If elected, I shall bring to class the same interest, integrity, initiative, and diligence that I have demonstrated in other school activities.

"I whole-heartedly subscribe to the principle of the Unification Party, which through its open nominations convention is endeavoring to unify the living groups and present the class with an organized, coherent program. The cooperation of this group prior to election suggests that sort of post-electoral cooperation and harmony which is essential to productive tenures of office.

Thomas J. McLeer—"The fundamentals that I would put, in short, should I be elected to the office of President of the Class of 1951, are: unity and cooperation based on impartial and conscientious representation of all living groups; the abolishment of the class governing organization which has been founded to be so altogether unique when compared to similar ventures at other educational institutions. I pledge honesty and sincerity of purpose; prerequisites which I believe to be essential to any position of responsibility, I trust and hope that these qualifications will be eminently supported by the acquiescences and friends of the Class of '51 deavor to maintain the class as an organization through the various pre-graduation activities and post-electoral cooperation and present the class as a whole to the best of my ability."

Eitel F. K. Kleber, Jr.—"Our Class of '49 was derived from many sources. Graduating members of many other classes, the '48s have not yet been molded into a group capable of without its detrmining effects of time. Therefore, in order to facilitate the establishment of effective alumni class, our class officers must be vigorous enough to not only maintain the present bond between ourselves and our classmates. This will not be accomplished through communications alone, but instead through active participation, initiation and organized by the class officers.

"Our class will also send a strong and interested set of officers to complete the charter for a substantial class organization.

"It is towards the fulfillment of the above ends, that I submit my candidacy."

J. Thomas Teohy — "Since the Permanent President takes over after graduation, his duties here at the Institute will be negligible. However, if elected, I will continue to emphasize the Class of '52 class gift inscription, which you are in the habit of giving this year. It is my hope that the majority of the class will wish to be present for the operations while they are still in school, and perhaps the balance can be brought about by post-electoral cooperation after they graduate.

"With the funds we can present a never-forgotten gift to the Institute, and also stage a tremendous 50th reunion. Incidental to the reunion plans is a bibliographical record, containing a history of every member of the class, one taken at graduation and one taken 5 years later. Although the 50th reunion is the largest of our reunions, it will not overshadow the others. I sincerely hope that every man will try to attend these reunions, and if you now see it is true to make those reunions worthy attending.

"In short, I shall use all available and equitable means to make our senior year here at the Institute as pleasant and satisfactory as it may be possible.

Class of 1951 (Permanent Class President)

Archib H. Harris — "I shall endeavor to maintain the class as an active unit in the Alumni Organization of the Institute doing its part in the future role of M.I.T. in education, industry, and research. The class insurance program pointed towards a substantial gift to the Institute at its 50th reunion will play a large part in securing this objective and I am dedicated, skillful and thoughtful handling of this gift. I favor no individual group and shall work for the good of the class as a whole to the best of my ability."

Class of 1952

Gerald S. Burns—"In seeking the nomination and election as President of the Class of 1952, the objectives of this candidate are:

1. To cooperate with the officers of the class of '51 for the program to keep the class of '51 as well as '52 together in the Institute in the make of the greatest Class ever known.

2. To strive for a successful Fall and Spring meeting of the class with its registration that the chairman of the Junior Prom Committee be taken by the coming of the Junior Prom Committee at M.I.T. to the present.

3. To strive for a successful Junior Prom committee towards a successful Junior Prom.

4. To strive for the publication of a Class newsletter that will give greater coverage of '52 in sports, activities, and courses than is possible at the present time.

5. To support the Class of 1952 in the most efficient manner because of Policies and equitable means to make our Class of 1952, in the most efficient manner possible.

Class of '51, to the best of my ability.

Class of '52

Gerald S. Burns—"In seeking the nomination and election as President of the College of 1952, the objectives of this candidate are:

1. To cooperate with the officers of the class of '51 for the program to keep the class of '51 as well as '52 together in the Institute in the make of the greatest Class ever known.

2. To strive for a successful Fall and Spring meeting of the class with its registration that the chairman of the Junior Prom Committee be taken by the coming of the Junior Prom Committee at M.I.T. to the present.

3. To strive for the publication of a Class newsletter that will give greater coverage of '52 in sports, activities, and courses than is possible at the present time.

4. To support the Class of 1952 in the most efficient manner because of Policies and equitable means to make our Class of 1952, in the most efficient manner possible.

"A smaller, more coherent council, with proportional representation among the living groups.

"A regularly issued class newsletter.

"More informal class functions to promote a greater sense of unity.

"Assistance for the Class of '50 in the coming Fall.

"Cooperation with the J. P. Committee towards a successful Junior Prom.

"A Junior Night when all shall re-member.

Class of '52

Woody J. Haywood — "It is our purpose to establish a class government based on a cross-section of all living groups at M.I.T., since we sincerely believe that only such a government representing economical, democratic, and fraternities alike can be a true democratic representation of the Class of 1952.

"With this aim before us, we have founded a 'Totally Ticketed.'"

President, Woody J. Haywood, member

Secretary-Treasurer, Bill Moss, fraternity

Inst. Comm. Rep., Be Howman, Class of '51

Harold R. Lawrence, Class of '38, member
