Lacrosse Team Loses To Springfield College In Curtain-Raiser, 12-7

Lea And Madden Score 2 Apiece

Playing their first game of the season last Saturday afternoon on a very poor field, Tech's lacrosse team was beaten 12-7 by Springfield College in a game that was closer than the score would indicate. Two former hockey players were the leading scorers for Tech as Don Lea and Ted Madden each scored twice to pace the Engineer offense.

First Period Close

During the first period, play was fairly even with Springfield scoring three goals and Tech three. In the second period, two Springfield goals were scored within nineteen-nine seconds of each other to give the Maroons the jump within twenty-nine seconds of each other to give the Maroons the jump within twenty-nine seconds of each other to give the Maroons the jump.

During the second period, Springfield pulled away, making five shots home while only Lea and Lea scored for Tech. At the half Springfield held a commanding lead of 8-4.

In the third period, Springfield failed to score in the first five minutes but improved in the second half as they scored three times to pull away. The final score was 12-7, a victory for Tech.

Don Lea and Ted Madden each scored twice to pace the Engineer offense.

Dinghymen Win Pentagonal Meet

Gaining their third triumph in as many starts, the Tech sailors won a pentagonal regatta held last Sunday morning at Tufa. The Engineers won the first race of the day and were never headed thereafter, finishing with a total of 31 points. Northeastern was second with 46112 points, followed by Williams, and B.U. in that order.

Danny Greasam and John Lawson finished behind a Northeastern skipper to take second place in the B division. Ray Brown of the Engineers was high in Division A.

WORLD SERIES DUCAT AWAIT LUCKY PROPHET

Here's a chance for Tech readers to shine up their crystal balls and join the hunching of baseball boosters who think they know the outcome of this year's pennant races. Will it be the Braves again, or will the Dodgers or Pirates steal the National League flag this year? Will Joe McCarthy ride his Red Sox to the flag or will Lou Bierges boys successfully defend their championship?

Beginning with this issue and continuing for the next four issues, a contest open to everyone except staff members of The Tech, will be offered with the following simple rules:

1. Clip out the official entry blank and fill in the standings as you think they will be at the close of the season.

2. First prize will be a World Series ticket to a World Series game in Boston. If neither Boston team wins a substitute prize will be awarded.

3. Contest closes on April 30.

U. S. AIR FORCE AVIATION CANDIDATE TRAINING CLASS

Win your wings and then start a career with a future...

College men are today's leaders of the U.S. Air Force. With new and complex aircraft and equipment being developed, scientific research becomes more and more important, increasing the need for college-trained men.

As a college graduate you will have an unlimited future in aviation fields of personnel management, operations, management, and radar, and receive a Reserve commission as second lieutenant in the U.S. Air Force. Outstanding graduates receive Regular commissions upon graduation.

OFFICER CANDIDATE SCHOOL FOR COLLEGE GRADUATES

If you are a college graduate, married or single, between the ages of 20 and 261r2 and physically and morally qualified, you may be accepted for assignment in the U.S. Air Force Aviation Cadet classes starting in late summer or early fall.

You get a well-planned course, valued at $35,000 . . . . which includes

1. Clip out the official entry blank and fill in the standings as you think they will be at the close of the season.

2. First prize will be a World Series ticket to a World Series game in Boston. If neither Boston team wins a substitute prize will be awarded.

3. Contest closes on April 30.

In Texas for the world's finest aviation training. Here you will receive about 175 hours of flying instruction in the Texan T-6 trainer plus an extensive course in aviation education and executive training. Navigation, fuels, weather, radio and radar are some of the subjects you will take.

During this training period you'll find plenty of hard, fast action to keep you fit and trim . . . the best athletic facilities are available. Upon completion of training, you will win your silver wings and receive a Reserve commission as second lieutenant in the U.S. Air Force. Outstanding graduates receive Regular commissions upon graduation.

You May Be Accepted for an Early U.S. Air Force Aviation Cadet Training Class

U.S. ARMY AND U.S. AIR FORCE RECRUITING SERVICE

WIN YOUR WINGS

U.S. AIR FORCE

Single or married men with two years of college (or who can pass an equivalent examination) between ages of 20 and 261r2 with high physical and moral qualifications, are invited to fill out the blank before sending it to:

Chief of Staff, Recruiting, Washington, D.C.

Office or write: Chief of Staff, United States Air Force, Attention Aviation Cadet Branch, Washington 25, D.C.
