Final NSA Meeting
Here This Weekend

Nearby Colleges Will Send 150 Delegates

Eighty-six out of 100 delegates and about 55 officers are expected for the final NSA Regional meeting of the year, at which there will be orientation for new delegates, evaluation of the year's projects and arrangements for their continuation. In addition to this conference, which will be held at Technologically this weekend, several pictures of the issues to be confronted at the National Student Congress will also be exhibited. The Congress, second of its kind, is to be held at the University of Illinois from August 30 to September 2.

For the national meeting, Donald J. Best, 50, NSA Chairman, and Harrison D. White, 50, FSHP Chairman, have been selected by the Institute Committee as voting delegates, and Jack Zeolet, IFU Chairman, and John Mern, National Chairman, are to be sent as observers. In addition to the above, Herbert W. Eisenberg and Maurice Hedges, co-chairmen of the M.I.T. Displayed Newtona program, will be voting delegates for the regional meeting.

The Tech Plane

(Continued from Page 1)

in Course VI.

This time it consumes a good shot of alcohol, lubricates itself a bit and, for a while, prevents the castor oil then poops out until then it gets looped again.
