Trackmen Face N.E. Tomorrow in 1st Dual Meet

The Tech Indoor track season will get into full swing tomorrow as the varsity and freshman teams take on Northeastern University in a meet starting at 1:00 P.M. It will be the first dual meet of the season for the varsity.

Led by Masson and Moncrief, Northeastern easily beat Bates College last week, 52-24, winning twelve out of thirteen events. Against the Engineers, led by Captian A.D. Ellis, will present a strong squad well seasoned with veteran and Sophomore talent.

The Techmen will probably be at their strongest in the 100 yard, 400 yard, and mile runs, as well as in the field events, while the Northeastern team seems to have its strength in the deals, hurdles, and the 1000-yard run.

Coming from behind in the final moments, Tech's varsity quintet defeated New Hampshire, 64-61, in an exciting game played on the loser's home court last Wednesday night. It was the third consecutive victory for the Engineers, who will face Bowdoin at Walker Gym tonight.

The game was all close through four minutes, with the lead changing hands several times. During the first half, the scorers were fast and furious, with neither able to establish a considerable margin.

Larry Garth's one-handers kept Tech in the struggle during the latter part of the half, which ended with the Wildcats in front, 37-35.

New Hampshire started fast in the third quarter and soon ran up a seven point lead, but the Engineers struck back even the count at 44-44 on some fine shooting by the entire team. From then on the two teams matched each other, basket for basket, with seldom more than three points separating the two teams.

With Dick Burchill's shot and assists for the Engineers, and Dick Hahnberg flagging them in for the score, the Techmen came back at the 30-minute mark. At this point, Hahnberg scored on a layup to put the Wildcats in front, 50-38. However, two fast one-handers by Lee Hoag and a driving jump by Bill Corrie put the Engineers ahead, 58-50, and this time they held the lead.

After a hook shot by Hau-
