Grad Semi-Formal In The Hotel Somerset To Be On St. Pat's Day

St. Patrick's Day this year will be marked by the Spring Dance of the Graduate School. Five hours of dancing to the music of Jay Loutit and his orchestra will make this the biggest social event of the year for Technology's graduate students. Complete facilities of the beautiful Princess Suite in the Hotel Somerset have been obtained for the dance. The spacious ballroom, large foyer and well stocked bar have been reserved for the entire evening. Dancing will start at 5 p.m. on Friday evening, March 12, and continue until 11 a.m. Saturday morning. Classical waltzes will be played for dancing or for pleasant listening during the intermission from 11:00 to 11:30 p.m. Requests will be welcome at all times. Admission is $1.00 per couple. Tickets can be obtained at the desk in the lobby of the Graduate House and from the Dance Committee members. Sales will be limited to the capacity of the Ballroom.

Dr. and Mrs. James H. Hillman, Dean and Mrs. John E. Burchard, Dean John W. M. Bunker, Dean and Mrs. George Harrison, Professor of Electrical Engineering, and Mrs. Paul M. Chalmers, and Mr. and Mrs. A. Abram Thresher will be entertained at a Polish buffet supper during the evening.

Plans and arrangements for the dance have been under the direction of James Ham, Research Associate in the Electrical Engineering Department, assisted by Dick Reecer, Krishna Lowen, Paul Thieszen, John Finney, Kitty Zilling and Tom Wood.

Glee Club Sings Sun Over N. E. Network

The M.I.T. Glee Club, under the direction of Professor Klaus Langer, will be featured by Monsanto Chemical Company in their weekly broadcasts of outstanding college glee clubs in the New England area. The broadcast will originate from Rooms 21-190 at 4:30 p.m., Sunday, March 12.

The half-hour program will be broadcast by the New England Regional network including stations WBEZ, WUSA, WLBZ, WIGC, and WBOO.

A limited number of seats are available at no cost. If you plan to attend the broadcast, you must arrive no later than 4:30 p.m. as the doors will be closed at that time.

Wiesner To Demonstrate Modern Communications

Professor Jerome B. Wiesner, Associate Director, Research Laboratories of Electronics at the Institute, will be the speaker at the final popular science lecture in the Society of Arts series. The lecture is scheduled for rooms 10-250 on Sunday afternoon, March 12, at 4:00 p.m.

Speaking on "Modern Communications," Professor Wiesner will present demonstrations of research designed to increase the efficiency of transmission and stored information.

He will begin the lecture with a brief historical review of electrical communications, including developments during World War II.
