Frock Council Approves Dance

Final approval of the budget for the proposed Frosh dance was secured Monday at the latest meeting of the Froshmanship Council. In-stitute Committee recently gave its approval of the dance and in-creased the budget allotment. De-tailed planning of the dance, which is to be held April 30, can now begin.

Some sentiment to the effect that 810 and 305 Physics Laboratories are not as educational as they might be led to a discussion on the revision of freshman experiments. Professor S. A. S. Blauk, head of the Fresh-man Physics Department, stated Wednesday that there are no defi-nitely plans for any changes in ex-periments although the depart-ment is perpetually endeavoring to make improvements.

This was the first meeting of the Frosh Council under the super-vision of the newly elected officers, President Merrill Ebner and Re-cording Secretary Dick Jaffe.

Historian Mumford Will Lecture On The Survival Of Mankind

Lewis Mumford, author and stu-dents of city and regional planning, will speak on "Alternatives to Dis-tribution" on Monday, March 13, at 14:00 p.m. in Room 10-209 for the Student Lecture Series.

In the evening of the same day, 8:00 p.m. in the Lounge of In-tern Library, Mr. Mumford will speak to the Graduate Economics seminar on "The Impact of Per-sonality on History." This meeting is open to all those from the In-stitute community who wish to attend.

Historical Works

Mr. Mumford was from 1920 to 1924 visiting lecturer at Dartmouth College. During that time he taught also at Harvard in 1926 and at Stanford from 1934 to 1941. During the years from 1924 to 1931, he published four books in American literary and cultural his-tory.
