THE DISPOSSESSED

In an attempt to create some semblance of a "college spirit" and to unify the members of the entering class, the Housing Director has seen fit to establish the system of dormitory priorities which is now in operation. At first glance it seems a long and inadequate facilities are available to accommodate all upperclassmen now living in the dormitory system, we believe that the new priority system, with but one exception, is a sound one. However, it is to be noticed that all present residents of the Munroe, Hayden, and Wood dormitories and the residents of the third, fourth, and fifth floors of Wolcott, Bemis, and Kane, director of the Alumni Fund, are over six feet two inches and, Goodale will be "dispossessed" come September. It is our belief that this is an unjust decision. Although the people who would wish to remain in the above mentioned rooms represent only a minority of the student population, the fact remains that under a reasonable priority system any upperclassman now occupying a room should have first claim on the same room in the fall.

The dorm units under question represent a unique type of accommodation to be found nowhere else on the campus. Generally speaking, the rooms in the Hayden group are superior of accommodation to be found nowhere else on the campus.

But to reserve space for a large body of freshmen doesn't per.

High Hubs
