“What is the Human Mind?” will be the topic of discussion as the Junior-Senior Committee presents its first forum of the year on Thursday, October 5, at 7:30 p.m. in Room 10-250. Those who will talk on the subject will be Professor Nor- bart Weiner, Professor Skinner of Harvard, and Professor Leuba of the standard textbook on psycholog-

Behavior of Organisms, and Dr. Chase Prugh of Northwestern at the Children’s Medical Center in Boston. The forum will be com-

missioned by Professor Leuba, head of the department of English and History at Harvard, as a part of the program of their program for this year, the Lecture Series Committee is presenting a series of six forums on various topics, under the title “Human Mind.”

The forum will be held on Thursday, October 5, at 7:30 p.m. in Room 10-250. The subject of the forum will be “What is the Human Mind?” and the speakers for the forum will be Professor Bartle, Professor, and Professor Leuba.

New Parking System
For Institute’s Lots
Seen More Effective

The new automobile parking system is now in operation in the Institute parking lots. It is more effective than any other system that has been tried in recent years, according to J. R. Barnard, Assistant Superintendent of Buildings and Power. Furthermore, if there is space left in the lots after all the departments have been taken care of, there is a possibility that permits will be available to some residents students in the near future.

The parking policy this year has been to issue permits only to those students who can show that they live in the immediate vicinity of the Institute, or to those who work in the Institute. There is a possibility that permits will be available to some residents students in the near future.

As college students know, good living quarters are of prime importance. In order that the dormitory situation may be as pleasant as it at first seems.
