Sunny Eastgate Features
Balconies, Picture Windows

By Alex Dameseberger

The unique architecture as shown above enables most Eastgate apartments to have through ventilation.

Based on the idea of providing modern living for Eastgate residents, the newest addition to the Senior Living area, formerly known as Eastgate, is the most unique and picturesque structure on campus. The exterior of the building with its green windows and balconies has something to offer every visitor. In addition to the gorgeous views, the entire building is an oasis.

Gardens Every Third Floor

The most unique feature of this design is that gardens are located on every third floor. The gardens are separated by double partitions, making them ideal for reading or quiet conversations. All homes have front exposure.

Technology Sailors Finish First
In Field of Ten, Regain Trophy

Sailing against the stiffest competition of the year, the Technology skippers again demonstrated their fine form to regain the Merchants Mariner's Cup, a repeat victory in the ninth fall regatta. The race started at about 10 a.m. on Saturday, last Saturday and Monday. Topping the weighted points at the end of the two day affair, the Beavers regattled for the first time since 1941.

The rating of the schools, two-thirds less than scheduled, the Skipper's weekly story dwelling is that there are many observers on every third floor. All gardens are reached by private stairways that lead into the second floor rooms.
