Harriers Race Today; Risk Unbeaten Record at New Hampshire U.

The Tech Cross Country team will travel to Durham, New Hampshire, this afternoon to take on the University of New Hampshire in an attempt to finish the regular season undefeated. An additional victory or two will be required since the Harriers have handed the Beavers their only defeat of the season, last year, 21-18.

New Hampshire, after trimming Boston University in their opening meet, bowed to the University of Maine last Saturday, 21-26. Maine, however, has a powerful squad, led by Dick Dow, who broke the Maine course record in winning last week's meet, so that this result is no sure indication of weakness on the part of New Hampshire. Returning from last year's squad are Bowdwell, Hoit, Pratt, and Ladd. Fried and Stearns, up from last season's Freshman team, which routed the Beaver Freshman by an 18-0 count, will complete the nucleus of the team.

Test for Championships

For Osmo Hedlund's team this will be a good test of their chances in the New England championship meet, to be run off a week from today, Wednesday, Oct. 25, at the Boston Skating Club. Fried and Stearns, the only returning members, will be the key men for Hedlund, and it will be interesting to see how well they can meet the challenge of the New Hampshire team.
