United Kingdom Group Visited Here To Finish Tour

The United Kingdom's Universities and Industries Team visited Tech last week as one of the last stops in their nationwide tour of American industries and colleges. The team, sponsored by E.C.A., came here to study the cooperation of industry and government in relation to the government. The tour included many leaders in British education, who were welcomed by President Bassett, who followed included addresses by members of the faculty. A luncheon was held in the Campus Room of the Science and Chemistry Building.

World and You Series

Samuel A. Stouffer, professor of Sociology at Harvard University, will lecture in the series "World and You Select," presented by the Department of H.E.C. Professor Stouffer will speak on "The Army and Its Soldiers" on Monday, April 20, at 7 p.m. in Room 10-205. Dean Yanworth will be the interlocutor.

Senior Advisor

(Continued from Page 1)

The Resident Advisors have during this last year attended regular meetings in the Office of the Dean of Students where problems encountered have been discussed and members of the Institute Staff have given short talks. Next year it is hoped to broaden the training aspects of the program, particularly in the field of the dynamics of intra-personal relationships. Furthermore, it is expected that there will be more active and direct coordination between the Advisors, the Dean's Office and other members of the Institute Staff concerned with the orientation and housing of the first-year students.

quality in the food will not be mer-

iorable. Above all quality and san-

citation must be stressed. He went on to point out most favorably on sanitation, pointing out that very few cases of sickness due to in-

terior food have been reported to the infirmary in the past five years, since sanitation has been a prime concern in preparing and serving the food.

Mr. Baldwin is open for any kind of constructive suggestions to help improve his operation. He stressed the need to keep prices from being increased. He noted that there are only two months left in which to make up the present deficit.
