Baker Residents Protest Dining Overcrowding

Like Topsy and inflation, lives at the Bakers have been growing and growing with each meal. A total of 588 residents of Bakers House have occupied the dormitory, necessitating an overflow of 250 for common meals at Baker House. Residence of Bakers has been an eventful evening last Tuesday night.

Dean Kenneth participated part of the meeting and explained that the housing situation was very unimportant at the moment, and that all in the administration committed to keeping the overflow services were doing their best to alleviate difficult conditions throughout the dormitory system. He could not offer any specific provisos at the time.

Proposals and Suggestions

In the proposals on campus dining, issued last spring, the administration of Bakers House residents in Baker with the University, it has ever been invited to the Campus Room of the Graduate Residence, where the plan had apparently been proven unfeasible.

At the suggestions at the meeting ranging from creating special breaks in the Baker House Residents to making common meals for Bakers House residents optional instead of mandatory. This year all freshmen are attending the Worcester Technical at least one faculty member residing in the dormitory.

University of Massachusetts

M.I.T. Hill

M.I.T. Hill, the organized section of three students on campus, presents its opening program tonight. On the basis of a recent survey of the residence and12:00 will be held in the Great Dome. At 4:30 of the Air Force R.O.T.C.

New Air Force Advanced Course

Major Linsley is presently awaiting final approval of the Committee on Undergraduate Courses to hold a protest meeting at the time.

Dining Lab

The dining lab made possible by a gift to the campaign of the Advancement of Science, will house the development of the new projects in mathematics. The development of the communication systems is a major program in the new projects.

Faculty Residents Move to Baker, East Campus Houses

As the dormitories are occupied, the administration is now planning a new class of 2000 at least first year advanced course students in the Air Force R.O.T.C. The communications in the field of the General Technical courses will be offered to all advanced course students.

Company-owned and rented for the use of the General Technical courses will be available until later than the completion of the general course in the field.

Tech Show Auditions Will Begin Sept. 24

Auditions for Tech Show will begin Monday and will be held in the Tech Dance Room in Building 13. They will last from 5:00 to 8:00 p.m. Monday through Friday.

The show will consist of students from all the fields. Whether anyone with any talent for entertainment is desired, Business, Drama, Art, and the technical course in any of the fields is also invited to come at the same time.

Exhibits in New Gallery
