Burton House Gets Modern Snack Room In Renovation Plan

The snack bar for light meals and entertainment to be provided for residents of Burton House is being designed by Associate Professor William H. Brown, of the Department of Architecture, and will be built by the same firm that designed the establishment to make possible the use of the building for student use. The administration has not yet decided how much money should be spent on the renovation, as the actual work has not yet begun. The form of the decorations and furnishings will be left under consideration.

In previous years, only those students who were able were admitted to the snack bar. In demand was any student who wanted to purchase a snack.

Laufs Will Attend Tau Beta Pi Parley

Every member of the advanced R.O.T.C. class of 1963 has been called to the University for the annual meeting of the national engineering honorary, to be held on October 15 and 16. The 1963 class of R.O.T.C., which includes 37 members, is the first in the United States to have a chapter of this honorary. The meeting will be held at the University of California at Berkeley.
