The price of tickets for the Musical Club's performance of "Mary Poppins," which opened on December 15 at 8:15 and 11:15, not 8:15 and 11:55, as advertised in the issue of November 20 of THE CAMBRIDGE.

In the same issue, the last six lines on the first page of the article "Struik Case Update" were misprinted: "Nationalist and Social Communication Committees have read aloud: "As an example, one site Finland entered by Sudbo who did not speak Finnish, at the end of the nineteenth century, Finland was run in the Swedish language."
