New Record Set for Blood Drive
Held Last Week

Spring Drive Will Be On March 28 And 29

Last week the C.C. collected an all-time record of 595 units of blood, breaking last season's record by 118 units. The drive was over-subscribed and many were turned away. 174 pints were collected on Wednesday, 244 on Thursday and 272 on Friday.

Normally the probable rejections can be angled out and the project can thus be speeded up. This year, due to the large number of applicants, this trend had to be halted. The Red Cross had originally given us only two days but because of the large number of volunteers another day was added.

Some people were notified that they were to give blood but were not told to report, owing to the fact that the rejections, coming in at a rate of more than 200 a day, necessitated a rejection rate cut total to 690 givers instead of 726, as expected.

Next Drive March 28 and 29

Last week the Red Cross Blood Drive was conducted along a portable lab, but since this process was handled efficiently, and the blood was collected at the usual rate of over 500 units a day, it was dropped from the schedule this time and the blood was collected entirely at the Blood Drive Headquarters.

The next drive scheduled for March 28 and 29 may be extended over four days.

AFN Plans New
Magazine Services

Agnes Chi Chapter of Alpha Phi Omega, the national Scouting fra-

sions is forthcoming. For applica-

tion forms, the student must write to the National Science Foundation, 1200 New York Avenue, N.W., Washington 16, D.C. for applications for stipend. Applications for fellowship were due January 7, 1952. Students who have just completed a Fellowship

ship Examination on Jan-

uary 7, 1952 in the Boston-Cambridge-

Weber,邹, editor, will have the conference edition of the Boston-Cambridge-

Beckford area. It will cover academic

ianship, is forthcoming. For applica-

was written in defense of Profes-

sors Dirk Struik, suspended Institute
