Beaver Wrestlers To Meet Harvard Team Tomorrow

Tech's wrestling season opens to-morrow afternoon with both varsity and freshman teams at Harvard. The freshman meet is scheduled to begin at two o'clock with the varsity meet to follow at five o'clock.

Both the varsity and freshman squads have been stepping up their workouts during the past two weeks. Elimination matches have been run off this week to determine which men will compete in which weight classes at the Harvard meet. Both squads are looking forward to the event, and while 

Dr. Ashdown always a powerful opponent, looks up as the big test for the wrestling team. If Tech can come through with a win in this meet, its prospects for a successful season will be bright. Since the complete results of the eliminations are not in yet the following is only a tentative list of those who will wrestle tomorrow.

Dr. Ashdown is deeply interested in the social welfare of the students. For this reason, the Graduate House sponsors a series of teas during the year to which are invited various members of the faculty. About once a month, on Wednesday evenings, dinners are held at which interesting topics are discussed by prominent speakers. Dance, both ballroom and square, are held frequently, including the formal Spring Dance, which is the high spot in the year's social calendar. All of these events are open to any of the residents who desire to attend.

Batterie Hour Popular

One of the most popular of the social events is the Batterie Hour. The Batterie is a semi-weekly event since 1933. All of the residents' evenings dinners are held at which interesting topics are discussed by prominent speakers. Dance, both ballroom and square, are held frequently, including the formal Spring Dance, which is the high spot in the year's social calendar. All of these events are open to any of the residents who desire to attend.

The Batterie Hour has been a semi-weekly event since 1933. All of the various activities and facilities are under the administration of Dr. Ashdown and a student executive committee. This executive committee is composed of five residents who are elected each year. The committee meets with Dr. Ashdown once a week to discuss the problems to be solved in satisfying the collective needs of the residents. The committee organizes and maintains extra-curricular services and intramural athletic events, eliminating grievances, and the like. Subcommittees supervise the separate activities.

Dr. Ashdown believes that the Graduate House should be a pleasant place to live, and time to keep a friendly atmosphere at all times. In his opinion, the Graduate House is a home away from home, and a gentleman's club.
