To facilitate the granting of deferments for the summer and to avoid delays, the Selective Service System has set out to make absolutely no stipulations regarding the requirements for summer school or summer employment of students, as long as they are students and many students must earn money during the summer to help their families. It is to be assumed that many students will feel obligated to assist their families in some way or other. This will be different, however, from any college policy, and each student himself, especially he can find out how to work in the summer and his own field. Not only does it mean valuable contacts and experience, but a company seeking to hire students in the summer or during the year will be interested in any student who has had prior experience in his own field.

LOUNGE RESERVATIONS
All students who have received mail from the Alumni Association during the month of March are re- quested to see the lounge committee office immediately. Receipts made prior to March 4 are said.

Bates Victorious Over 21 Colleges in Debate Match
Out of a field of twenty-two debating teams, Bates was chosen as the champion of the seventh annual M.I.T. debate meeting last Saturday. Bates College placed second. Besides the activities of Bates, the debate meeting included a M.I.T. versus Harvard, and a M.I.T. versus Wesleyan College debate.

The topic under debate was "Resolved that the Federal Government should adopt a permanent program of price and wage controls." Both affirmative and negative teams were members of the M.I.T. debate program, and the affirmative team, "Mr. and Mrs. Lute," was selected by the jury. The affirmative team consisted of Mr. and Mrs. Lute.

G. Price Electcd to Corporation
The election of Ovlyn A. Polos, President of Western Electric, to the Board of Trustees of the Massachusetts Institute of Technology was announced last night by Dr. James R. Millin, Jr.

Dr. Donald G. Stockbarger, Associate Professor of Physics, died yesterday. Dr. Stockbarger was internationally known for his development of the laboratorly-grown fluoride crystals observed. His development of the apparatus and a method for growing these crystals is of outstanding scientific and practical value.

Sir R. W. Livingston Of Oxford To Teach Classical Literature
Sir Richard W. Livingston of Oxford University is the recipient of the John Harvard, Jr., Professorship which was established by gift of the late Harvard. The position of the late Harvard. The position was established by gift of the late Harvard.

Sir Richard will be Carnegie Visiting Professor of English literature in the Department of English, but the appointment was extended to include the teaching of classical literature. Sir Richard will teach at the Institute during the summer and during the fall semester. He will be the first professor of Latin in the Institute and will teach courses in Latin literature, including studies of the works of Cicero, Plutarch, and Virgil.

"Voo Doo" Night At Old Howard: Tickets On Sale
Despite the late cancellation of the Smith College Water Ballet and the Lettermen's Banquet, participants in the annual Tech's-A-Poppin' weekend have generally acclaimed the festival. The Lettermen's Banquet was held last weekend in Rockwell Cage on Saturday evening. Successful from the athletic viewpoint, Tech's-A-Poppin' athletes won seven of the eleven scheduled events. What Edward Leonard '52, General Manager, termed the "longest open dance of the year," was held in Moros Hall on Friday evening.

The Tech's-A-Poppin' weekend began with the Tech's-A-Poppin' Dance held last weekend in the Franklin gymnasium. Attendance was poor at the start, but increased steadily as the evening went on until the last few minutes when an estimated capacity crowd of 375 people was present. The dance was scheduled from 9:00 p.m. until 2:00 a.m., but was immediately called off, in Moros Hall, 280, after midnight. The last weekend event was sponsored by the Lemieux Foundation. During the intermission, an electric super-structure was erected out of a context held to determine, as the I-A committee present made the most collegiate couple. Lawrence Garth '52 and his date, Barbara Garth, were chosen.

The Saturday afternoon athletic events of various sorts were held on Saturday evening. There was a 24-hour dance during March, a tennis match with the Tech's-A-Poppin' dancers, and a basketball game. The Tech's-A-Poppin' dancers were international. They were able to sell out the entire stadium and attract a crowd of 375 people. The dance was cancelled for the first time in the Tech's-A-Poppin' history. The Tech's-A-Poppin' dancers were international.
