All Classes To Elect Officers; Candidates Will Hold Forums

Class officers for next year will be elected by the freshmen, sophomores, juniors and seniors of the class, according to R. E. Laffey, first chairman of the Elections Committee. Each class will elect a president, vice-president, secretary-treasurer, and an executive committee. The officers will take over their classes during the latter part of this term and remain in office until next April.

The first officer to be elected to each of the three permanent offices of president, executive secretary-treasurer, and three class officers will be chosen by the Senior class. Nomination petitions for these and all of the above offices may be obtained at the Institute Council Office, and must be filed by 3:00 p.m. on Wednesday, April 2.

Class Forums

In an attempt to give the members of the various classes a chance to learn more about their candidates, forums are being held this year at which these candidates will have the opportunity to speak to their class. Robert Roberts, '53, chairman of the Junior class, will be elected this year's class forum chairman.

Summer Program Features Course On Spectroscopy

Infrared Spectroscopy will be given in a special program at the Institute's 1952 Summer Session. Infrared Spectroscopy is a branch of study of infrared light which is due to the work of the Spectroscopy Laborator
