Fellowship From Ford Foundation
For Furthering Foreign Fellowship

Gordon Gray, Chairman of the Ford Foundation Board on Overseas Training and Research, recently announced the establishment of a new foreign fellowship program designed to stimulate increased world peace. The program is aimed at developing mutual understanding and respect among the peoples of the world. It is intended to aid young Americans who will ordinarily not have reached their 35th birthday.

For Furthering Foreign Fellowship

The Foundation has established 13 fellowships in keeping with its concern for reducing present international tensions and furthering world peace. The program is based upon a conviction that the development of mutual understanding and respect among the peoples of the world is essential to world peace. A necessary step toward such understanding and respect is to increase the number of competent Americans who have achieved sympathetic insight into the cultures, histories, institutions, aspirations, and current problems of peoples and governments of various regions of the world.

The conditions of the fellowships are:
1) Candidates must be United States citizens who will ordinarily not have reached their 35th birthday. Subject to this general age limitation, fellowships are available to:
   a) Students completing their undergraduate studies this year;
   b) Those demonstrating a general understanding and respect among the peoples of the world.
   c) Persons who have had experience or are now engaged in business, government, agriculture or labor relations, or training in economics, education, engineering, journalism, law, and other fields, regardless of whether they have lived and worked in the areas.

2) Awards will be made for from one to three years, and in amounts that will be determined by the applicant's academic qualifications and experience, and the program for his individual training and research.

Passover "Seder"
To Be Presented Tomorrow By Hillel

Tomorrow night, at six-thirty, the M.I.T. Hillel Foundation will hold its annual Passover "Seder." The celebration of Passover commemorates the freeing of the Hebrews from slavery under the Pharaohs of ancient Egypt. The Passover religious service is more a story of this event than anything else. The Seder is unndled through songs, chants and blessings in which the entire assembly takes part.

Through a series of questions and answers, the story of the saving of Joseph into slavery in the land of Egypt, and the subsequent delivery of the Hebrews from Egypt under the leadership of Moses into the land of Canaan, Passover, known in Hebrew as Pesach, recalls the last night in Egypt and the hour of deliverance.

The best known food of the Passover week is the unleavened bread, matzoh. Matzoh is the bread eaten by the Jews on their forty-year trip across the desert after fleeing from Egypt. During the eight days of Pesach, Jewish people are forbidden to eat any leavened bread, and all foods eaten during that time are supposed to be new and specially prepared for Pesach.

This Wednesday night in the Burton Lounge, M.I.T. Hillel will hold its annual Passover "Seder." The first of these eight days will be ushered in. The new Director of M.I.T. Hillel, Rabbi Herman Pinesh, recalls the last night in Egypt and the hour of deliverance. The best known food of the Passover week is the unleavened bread, matzoh. Matzoh is the bread eaten by the Jews on their forty-year trip across the desert after fleeing from Egypt. During the eight days of Pesach, Jewish people are forbidden to eat any leavened bread, and all foods eaten during that time are supposed to be new and specially prepared for Pesach.
