Schaefer rings the bell—
with the light, dry brew that has character, too!

There's an interesting reason why the new Schaefer beer is ringing the bell with beer lovers everywhere. Where's the reason why we think it will ring the bell with you, too?

You see, the Schaefer brewers have finally succeeded in creating a beer that gives you all the distinctive, pleasing characteristics of the famous old-schooled brown—yet is light and dry, too! This means you enjoy the satisfaction that real beer has always given, without a trace of heaviness or sweetness.

Today's Schaefer is brewed from the finest barley malt, grain and hops. It’s brewed with all the skill and pride of America’s oldest lager beer brewers. It’s real beer . . . fine beer.

Try today's Schaefer and we believe it's the finest beer America has yet produced. See if you don't agree with us.
