through the mail

To the Editors of THE TECH:

In last Friday's issue, Mr. Schmidt's letter about the Student Union brings up a point which I hope that I can clarify. The letter questioned the ad-

worthiness and the possibility of incorporating a bar in a student union at Tech. Of course it would be foolish to overlook the town and serve the majority of student customers in such a bar. Our meaning

of the word "bar" was more in the sense of a place of entertainment, and perhaps the word was ill chosen.

We would like to see a place on the campus for the students that would provide a good place for casual-

drinking at the lowest possible price. We think (and perhaps we are wrong) that a bar would fit in as a part of a night club operation for the Tech man's nightlife; perhaps a good jazz orchestra with a ruth-

less atmosphere would do the trick. We feel that providing for every so-

cientific purpose is not a very good idea, and any such place we ask them here in these columns. If you, the reader, have any plans to open a bar, write to us, and we shall be glad to help you.

Sincerely yours,

JAY F. KÖNGE

MOTOR SPORTS CLUB

The Motor Sports Enthusiasts Club will hold its annual Dance at 9 p.m. in Room 31, Mr. George E. Wann is chairman of the team.

TUESDAY, DECEMBER 2

Committee on Machine Methods of Computation, Seminar: "Power Systems Economy as a Problem in the Calculus of Variations on Whitworth L. Professors J. C. Young, Room 2, 6:00 p.m.
