SUCCESSION

With this issue the Managing Board of Volume LXXII takes its leave of THE TECH. One of its most gratifying tasks during the past year has been that of following closely all issues affecting our student life and placing them with clarity before the Institute community. We feel that this is one of the great services that a campus newspaper should render.

Early in the Spring Term the problem of discriminatory clauses in fraternity charters was brought up in Institute council for the first time, and a measure is at the present moment under consideration to deal with the situation. Later in the Spring the young men's fancy lightly turned to thoughts of riots in which the

In this case, exceptional opportunity for advancement, and a high starting salary awaits you at Fairchild, if you are one of the men we are looking for. We have openings right now for qualified engineers and designers in all phases of aircraft manufacturing; we need up-to-date men to help us in our long-range military program; turning out the famous C-119 Flying Boxcar and other projects for the U.S. Air Force.

Fairchild provides modern facilities, attractive working conditions, and liberal life insurance coverage. We pay a 5-day, 40-hour week as a minimum. Premiums in full during shorter work weeks is scheduled.

CDR. J. PAUL SHELDON, FAIRCHILD AIRCRAFT

JANUARY 14 TO JANUARY 20, 1953

WEDNESDAY, JANUARY 14
