Halt Steaks, 20-8

Frosh Faltering

After defeating their first two foes handily, the Matmen ran into a temporary snarl in their recent matches. The Beaver squad was defeated by a score of 17-15. The Beaver squad was defeated by a score of 30-10. The first two games were all well fought and were closer than the score indicated. The record now stands at 2 and 1, with 4 matches left on the schedule.

All M.I.T. wrestlers have looked good in the three previous outings and are in every class except the 15 classes. The work of Chuck Seymour has been particularly outstanding. Chuck has never lost a match in intercollegiate competition. In the last two seasons, he has pinned every opponent.

Beavers in the heavyweight division at a weight of 225. As a result, Chuck won the New England Championship in the 175-pound class. However, he is not participating in this year's championship competition, due to conference regulations. It is hoped that he will be able to take the heavyweight crown in his year's New England Championship at 225 pounds.

The post of the squad, led by Capt. Bob Chung, has shown with distinct advantages. Chuck is prepping for this year's New England Championship this week at Williams College, March 15 and 16. They hope to return with the Rockwell Cup, unainted to each year's championship squad. They are given this chance to accomplish this feat and certainly to be regarded as. a dark horse.

The fresh contingent of the squad sports a .500 percentage showing a 4-4 record. The team started off with two overwhelming victories over B. U. and Tufts. They were then beaten by Boston, tied by Radbould, and whitewashed, 30-0, by Harvard in their latest outing last Wednesday. The team was handicapped by injuries in the latter fiasco, however.

Outstanding individual records are displayed by Hirschi with 4 wins and no losses, and Capt. Menezes and Lawton, each with 5 wins and 2 losses. The team is coached by Charles Steinmetz who is also associated with Tech's modern language department.
