under its chairman, Paul Shepherd.

The Staff previously had no office space provided by 50-307 -was made because the N.S.A. needed extra space on the part of school employees or others will be permitted for washing with an additional charge for driers in the new laundry.

House, and will cost approximately $500. The new laundry equipment was received and installed and ready to operate. However, the facilities are still lacking in the laundry due to the unavailability of a partition separating the laundry area from the rest of the bedroom. The laundry is expected to be operational within two weeks after construction begins. The construction work, to be performed by the secretarial staff, will include installation of the new equipment and removal of a partition separating the laundry area from the rest of the room.

The Alumni pool)) will begin next week with an open house, and Burton House.

The Alumni pool will open next week with an open house.

Ex-Ambassador Douglas Plans Address For Commencement
Lewis W. Douglas, former U. S. Ambassador to Great Britain, will deliver the principal commencement address at the Institute on Thursday, April 16, 1953.

Mr. Douglas, a graduate of Alpha Tau Omega and a member of the class of 1913, will speak in this capacity on "The Responsibilities and Opportunities of the Graduate." He is a former ambassador to the British Commonwealth and the total of the Institute's Board of Overseers.

He has been a member of the Institute's Board of Overseers and of the U. S. Congress. Mr. Douglas was a member of the Board of the American Institute of Stress, Inc., and a member of the Institute of Stress at the British Commonwealth.

Seventh Day of the Institute's annual Spring Commencement will be Friday, June 11. No further plans concerning the program for the day have yet been announced. Last year's Commencement was attended by 25,000 people and was supported by a recent week which included a lecture, an exhibit, and "a talk" by the Institute's President, Robert G. T. Shepherd.

N. Eastern Chapters of Phi Delta Theta Will Discuss Clause
Delegates of Phi Theta chapters in the New England area will hold an emergency meeting on Wednesday, February 11, for an "informatory discussion" looking toward possible elimination of a controversial clause that brought about the temporary suspension of Nu Sigma Phi fraternity at the University of New Hampshire.

The idea for this first meeting came from the Alpha Llama chapter of the fraternity at the University of New Hampshire, which is interested in "put together with the New England chapters." The meeting is to be held in the Academic Senate, and the decision of the Alpha chapter is expected to be discussed on the day.

Repeated to Organize Chapters
It was hoped to be able to organize the chapters to set up a strong group to oppose the clauses and work for its repeal at the next national convention in St. Louis. Speaking for a number of students, the national fraternity was justified in suspending the Williams group.

James L. Gleason '53, the president of the Gamma chapter of Alpha Llama, said that the national fraternity was justified in suspending the Williams group.

Tad McNally, an assistant director of the Lambda chapter of Alpha Llama, said that the national fraternity was justified in suspending the Williams group.
