Engineers, Class of '53
Honeywell offers you an exciting opportunity

On the date shown below, the Honeywell representative, Mr. H. T. Eckstrom, will be in town to give you an idea of some of the wonderful openings available in the Honeywell organization next June.

Positions will be available in Philadelphia, Minneapolis and Freeport, III.

They will involve design, development and production of aeronautical controls, heat controls, industrial instruments and Metro Switches. Research in electronics, hydraulics, chemistry and physics will figure heavily in the work.

If you'd like to use your imagination freely in any of these fields—and receive good pay while doing it—be sure to arrange an interview with Mr. Eckstrom through your College Placement Bureau.

March 9th and 10th
