Unfortunately, George was unable to appear and Matt won easily with 777.38 for his first place. The second place winner, Robert O'Donnell '53 and C. H. Schneebeli '65 against McDonald of Boston College. McDonald set a new record with a lift of 335 pounds in the second class.

Schools represented at the meet were Boston College, Brown University, City College, Davenport College, Dickinson, Georgia Washington University, Harvard University, M.I.T. and others.

Despite the fact that the most weight cannot be lifted in the present system (sprint programs, etc.) the win was expected. Several of the lifters were looking forward to the most important lift of the meet, the newest sport at M.I.T. and is quickly becoming a popular one.
