TUESDAY, APRIL 7
Committee on Methods of Computation, Seminar: "Solu-
tions on MIT's Huskey Mark I水果 Differential Analyzer." Mr. William F. O'Connell, Room 3-158.
Electric Engineering Department, Orientation Meeting for Course VI-A Sophomores: Bell Telephone Laboratories; General Representative: Mr. H. B. Furbush, Room 8-262.
Metallurgy Department, Illustrated Lecture: "Industrial Application of Metals," by Mr. O. J. Seals, Rensselaer Polytechnic Institute, 5:30-6:00 p.m., Ceres CofPaco Cooperation, Room 3-223, 6:00 p.m.
School of Architecture and Planning, "The Development of the Modern Movement in Architecture," Professor Kay Fisher, Royal Academy, Copenhagen, Denmark, Room 7-457.
TUESDAY, APRIL 8
Electric Engineering Department, Orientation Meeting for Course VI-A Sophomores: U. S. Naval Ordnance Laboratory, Room 10-275, 5:00 p.m.
Regional Social Science Department, Lecture: "Collective Agreement," The Honorable Arthur Tyndall, Judge of the Court of Arbitration of New Zealand, Hayden Library Lounge, 8:00 p.m.
Humaniies Series Concert, University of Puerto Rico Chorus, "Formation of Bos-I Order of DeMolay--"Tech" Chapter," Lunch at 12:00 noon,Refreshments at 12:30 p.m., Hayden Library Lounge, 8:00 p.m.
WEDNESDAY, APRIL 8
Mechanical Engineering, Northeastern Section, Symposium: "Plasticized Resins," Dr. Henry A. Hill, National Poly- mers Corporation, Room 3-190, 5:00 p.m.
Economics and Social Science Department, Seminar: "Economic Problems." Professor R. D. Batten, Room 7-437, 4:00 p.m.
American Chemical Society-Northeastern Section, Symposium: "Dyeing of Cellulose," Mr. Walter F. Starker, New England Color Company, Room 3-110, 4:00 p.m.
Catholic Club, Lecture: "The Eastern Church and Rites," Father Louis Maru, University, England, Room 6-120, 4:00 p.m.
Order of DeMolay--"Tech" Chapter, Meeting: "Formation of Bos-I Order of DeMolay--"Tech" Chapter." Lunch at 12:00 noon, Refreshments at 12:30 p.m., Hayden Library Lounge, 8:00 p.m.
THURSDAY, APRIL 9
Electric Engineering Department, Open House for Course VI undergraduate students, Room 8-262, 4:30-5:30 p.m.; Freshmen at 4:30 p.m., Room 3-174.
Physical Engineering Department, Colloquium: "Investigation of Primary Cosmic Radiation with an Emulsion Chord Chamber," Dr. David R. Reitano, University of California, Lecturer Series Committe, Films: "Blood of a Poet," "Lot in Sodom," and "Lyonia," Room 1-196, 5:00, 5:30, 6:30, 7:00 p.m.
American Chemical Society-Northeastern Section, Symposium: "Advances in Electrochemistry," Dr. A. J. Fisher, Room 10-275, 4:00 p.m.
FRIDAY, APRIL 10
Electric Engineering Department, Orientation meeting for Course VI-A Sophomores: Boston Edison Company, Room 4-213, 4:00 p.m.
Mechanical Engineering Department, Seminar: "An Investigation of a New Method of Thermal Conductivities of Electrical Insulating Materials," Professor H. T. Bower, Room 3-174 at 3:30 p.m.
School of Architecture and Planning, Lecture: "The Development of the Modern Movement in Architecture," Professor Kay Fisher, Royal Academy, Copenhagen, Denmark, Room 7-457, 4:00 p.m.
SATURDAY, APRIL 11
Aeronautical Engineering Department, Seminar: "Human Factors in the Modern Day Transport Airplanes," Dr. Ross McFarland, School of Public Health, Harvard University, Room 3-223, 4:00 p.m.
Mathematics and Social Science Department, Seminar: "The Development of Linear Algebra," Professor M. J. Whitman, Room 6-120, 4:00 p.m.
School of Architecture and Planning, Lecture: "The Development of the Modern Movement in Architecture." Professor Kay Fisher, Royal Academy, Copenhagen, Denmark, Room 7-457, 4:00 p.m.
TUESDAY, APRIL 14
Committee on Machine Methods of Computation, Seminar: "Heron's Algorithm," Dr. Stuart T. Martin and Seymour Goldberg, Room 2-290, 3:00 p.m.
Aeronautical Engineering Department, Seminar: "Boundary Layers and Upstream Influence," Professor M. J. Lighthill, Manchester University, Room 3-217, 4:00 p.m.
Mathematics and Mechanical Engineering Departments, Lecture: "Theorie und praktische Anwendung der vorliegenden Theorie der Partial Differential Gleichungen," Room 10-275, 4:00 p.m.
SUNDAY, APRIL 12
American Chemical Society-Northeastern Section, Symposium: "Freeze-Drying Biological Specimens for Electron Microscopy," Dr. Harold A. C. Stirling, University of California, 5:00 p.m.
School of Architecture and Planning, Lecture: "Modern Movement in Architecture-I," Professor Ray Wheeler, Room 7-437, 4:00 p.m.
American Society of Mechanical Engineers--"Tech" Chapter, Meeting: "Formation of Bos-I Order of DeMolay--"Tech" Chapter," Lunch at 12:00 noon, Refreshments at 12:30 p.m., Hayden Library Lounge, 8:00 p.m.
EXHIBITIONS
The Sixth Annual Members Exhibition of Boston Printmakers will be on display in the Graduate House of the Charles Hayden Memorial Library through April 24.
Photographic Salon prints from Photography Magazine will be on exhibit at the Photographic Society, Avery, Basement of Building 11, through April 19.

CALENDAR OF EVENTS
