The College Press

In a series of spontaneous streetball fights, featuring brick-and-mortar defenses, students flocked to the games provided to capture valuable points for the winning team. The parties broke about 200 windows with one house receiving 64 of the open house windows.

Boston University recently came out of a recent game on a sunny day, amid appeals to the city government for protection. It incorporated uninvited festivities of the varsity with onlookers, a large number of bystanders. The series was concluded with a co-ed win "Not much partying.

Inscrim

(Continued from Page 5)

Inscrim included the following games: (1) SAE (Danone, Calvert, Watts and Mellen, Burton); (2) DTD (Preyss, Phi Kappa); (3) Fritz Baker; (4) Foltz, Sigma Phi Epsilon. Winning time: 32.5 seconds.

The new Aviation Cadet training program, you must be between the ages of 19 and 25yrs, unmarried, and in good physical condition—with high requirements for eyes, ears, heart, and teeth.

How long before I get my commission

50 semester weeks. You will receive the final aviation training in the second year. You will not be a military aircraft but prepare you for executive and administrative work. As a full pilot, you will have received a commission as a second Lieutenant and the coveted silver wings of the United States Air Force.

Do Aircraft Observers get flying training, too?

Yes. Aircraft Observer Cadets receive approximately 200 hours of "in the air" instruction. The primary phase of Aircraft Observer training is the same for all classes (navigation, bombardment, etc.). The basic and advanced phases of training vary, depending on the specific course you choose.

What kind of airplanes will I fly?

You will fly jets. The Pilot Cadet begins his first instructions in a light, civilian-type plane of approximately 100 horsepower, then graduates to the 600 horsepower T-6 "Texan" before receiving transition training in jets. You then advance gradually until you fly such famous first-line aircraft as F-86 Sabre, F-80 Scorpion, B-47 Stratofortress, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakotas, the T-29 Convair, and the TB-30 Superfortress before advancing to first-line aircraft such as the F-86 Sabre, B-47 Stratofortress, etc.

Will my commission be in the Regular Air Force or Reserve?

Aviation Cadet graduates, both Pilots and Aircraft Observers, get Reserve commissions as 2nd Lieutenants and become eligible to apply for a regular Air Force commission when they have completed 18 months of active duty.

How long must I remain in Service?

After graduation from the Aviation Cadet Program, you are stationed anywhere in the world, including in Hawaii, for four years. You must remain in the Regular Air Force or Reserve until you are flying such famous first-line aircraft as F-86 Sabre, F-80 Scorpion, B-47 Stratofortress, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakotas, the T-29 Convair, and the TB-30 Superfortress before advancing to first-line aircraft such as the F-86 Sabre, B-47 Stratofortress, etc.

What recreation and leisure time will I have as a Cadet?

Discipline will be rigid—especially for the first few weeks. However, it is not all work. You will receive training in leadership, physical fitness, navigation, and other areas of military training. You will flew as far as you want, provided you maintain the required standards. You will be close touch with the latest developments in military aviation and be able to maintain a flying and navigational career. You will be able to continue your military career.
