The Brains of the Team
Teamwork can work miracles. Is a football game the man who can do the signals? There's a man who can do the signals for an Air Force flying team, too! They call him an Aircraft Observer.

Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involves over a million dollars worth of flight equipment. Do you qualify? The sooner you apply, the sooner you will qualify. The sooner you qualify, the sooner you can fly! To be QUALIFIED you must be single, a citizen, between 19 and 26½ years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!

And then, after graduation, you'll win your silver wings, and earn more than $5000 a year as an Air Force Pilot. You'll be a MAN...a TRIPLE THREAT MAN...as a Bomber pilot, as a Radar Observer, as an Aircraft Observer, as an Aircraft Performance Engineer.

The SOONER YOU APPLY, THE SOONER YOU WILL QUALIFY!
